# Event

## Fashionista 2.0

Fashionista, is the first ever event organized for the fashion oriented young crowd by AIESEC in University of Kelaniya in collaboration with Informatics Institute of Technology.

Additionally, the first ever Public Relations campaign of AIESEC in University of Kelaniya added to the success of Fashionista. The fashion designing and modelling competitions followed by informative workshops associated with fashionista paved the way for the young crowd to make networks with the well-known fashion figures in the industry.
